

HANDLING INSTRUCTIONS

Product: Breakfast Deli Wraps

Code Number: BDS100SDC

Rose & Shore breakfast deli wraps are formulated so that they can be reheated and served from either a refrigerated or frozen state. The wraps should be served hot. The product is packaged in film that can withstand oven temperatures up to 400 degrees F but we recommend a lower heating temperature.

THAWING INSTRUCTIONS

1. Remove product from case and place on trays.
2. Place in refrigerator for 24 to 48 hours prior to serving.
3. DO NOT THAW AT ROOM TEMPERATURE.

HEATING INSTRUCTIONS

1. Preheat the convection or conventional oven to 275 degrees F.
2. Avoid using higher temperatures. Higher temperatures can cause the cheese to melt and run out of the wraps prior to completely heating the meat.
3. Place trays of the wrapped product into the oven.
4. For refrigerated product, heat 6 to 8 minutes.
5. For frozen product, heat 10 to 12 minutes.
6. Probe the center of the wrap to confirm that an internal temperature of 140 degrees F is reached. Heat further if required.
