

## HANDLING INSTRUCTIONS

**Products:** Sunny Side Up Sandwiches

**Code Numbers:** SSU248WC (processed with turkey ham)

The Rose & Shore Sunnyside Up sandwich should be served hot. Thaw the sandwich prior to heating. The product is packaged in film that can withstand oven temperatures up to 400 degrees F but we recommend a lower heating temperature.

## **THAWING INSTRUCTIONS**

1. Remove product from case and place on trays.
2. Place in refrigerator for 24 to 48 hours prior to serving.
3. DO NOT THAW AT ROOM TEMPERATURE.

## **HEATING INSTRUCTIONS**

1. DO NOT HEAT FROZEN SANDWICHES.
2. Preheat the convection or conventional oven to 275 to 300 degrees F.
3. Avoid using higher temperatures. Higher temperatures can cause the cheese to melt and run out the sandwich prior to completely heating the meat.
4. Place trays of wrapped sandwiches in oven.
5. Heat 14 to 18 minutes.
6. Probe the center of the sandwich to confirm that an internal temperature of 140 degrees F is reached. Heat further if required.
